FUNDS AVAILABILITY POLICIES

AVAILABILITY OF FUNDS

Regulation CC places limits on the length of time the Bank may delay the availability of funds deposited in your checking account.

Like most financial institutions, our policy is to delay the availability of funds that you deposit in your account. During the delay, you may not withdraw the funds in cash and we will not use the funds to pay checks that you have written.

Please remember that even after we have made funds available to you, and you have withdrawn the funds, you are still responsible for checks you deposit that are returned to us unpaid and for any other problems involving your deposit.

If you have any questions, be sure and ask us.

DETERMINING THE AVAILABILITY OF A DEPOSIT

The length of the delay is counted in business days from the day of your deposit. Every day except Saturday, Sunday, and a federal holiday is a business day. We will consider deposits made on a business day we are open to be the day of your deposit. For deposits made on a day we are closed, the deposit will be made on the next business day that we are open.

The length of the delay varies depending on the type of deposit and whether or not it is made in person as explained below.

SAME-DAY AVAILABILITY

- Cash.
- Funds from electronic direct deposits to your account will be available on the day we receive the deposit.
- Checks drawn on Blue Foundry Bank.

ACH-IAT transactions – posting of transactions will be delayed if items are suspected of being in violation of OFAC sanctions.

NEXT-DAY AVAILABILITY

Funds from the following deposits are available on the next Federal Reserve processing day after the day of deposit:

- U.S. Treasury checks payable to you.
- Wire transfers.
- Check deposits into the Alliance Business Checking account

If you make the deposit in person to one of our employees, funds from the following deposits are also available on the next Federal Reserve processing day after the day of your deposit:

- State and local government checks that are payable to you.*
- Cashier's, certified, and teller's checks that are payable to you.*
- Federal Reserve Bank checks, Federal Home Loan Bank checks, and postal money orders, if these items are payable to you.

If you do not make your deposit in person to one of our employees (for example, if you mail the deposit), funds from these deposits will be available on the second business day after the day of the deposit.

* Provided you use the special deposit ticket available upon request

OTHER CHECK DEPOSITS

The first \$500 from a day's total deposit will be available on the first business day after the day of your deposit. The remaining funds will be available on the second business day after the day of your deposit.

For example, if you make a deposit of \$700 on a Monday, \$500 of the deposit will be available on Tuesday. The remaining \$200 is available on Wednesday.

NON-LIABILITY OF BLUE FOUNDRY BANK FOR DELAYED OR MIS-SENT CHECKS

Your endorsement on the back of the check must be limited to an area of 1 ½ " on the end of the check that is to the left as you view the front of the check.

Blue Foundry Bank shall have no liability to a customer depositing a check with the Bank for the late return of a deposited check where the lateness is caused by endorsements or markings beyond the 1 ½ " area made by you or a prior endorser.

HOLDS ON OTHER FUNDS

If we cash a check for you that is drawn on another bank, we may withhold the availability of a corresponding amount of funds that are already in your account. Those funds will be available at the time funds from the check we cashed would have been available if you had deposited it and would then not be available for withdrawal until the time periods that are described previously for the type of check that you cashed.

LONGER DELAYS MAY APPLY

Funds you deposit by check may be delayed for a longer period under the following circumstances:

- We believe a check you deposit will not be paid.
- You deposit checks totaling more than \$25,000 on any one day.
- You redeposit a check that has been returned unpaid.
- You have overdrawn your account repeatedly in the last six months.
- There is an emergency, such as a failure of communications or computer equipment.

We will notify you if we delay your ability to withdraw funds for any of these reasons, and we will tell you when the funds will be available. They will generally be available no later than the seventh business day after the day of your deposit. Funds from check deposits of more than \$25,000 will generally be available no later than the fourth business day after the deposit.

SPECIAL RULES FOR NEW ACCOUNTS

If you are a new customer, the following special rules will apply during the first thirty days your account is open. Funds from electronic direct deposits to your account will be available on the day we receive the deposit. Funds from deposits of cash, wire transfers and the first \$5,000 of a day's total deposits of cashier's, certified, teller's, traveler's, and federal, state, and local government checks will be available

Blue Foundry Bank

Deposit Account Disclosures

on the first business day after the day of your deposit if the deposit meets certain conditions. For example, the checks must be payable to you and, in the case of cashier's, certified, and teller's checks, you use the special deposit slip. The excess over \$5,000 will be available on the fourth business day after the day of your deposit. If your deposit of these checks (other than a U.S. Treasury check) is not made in person to one of our employees, the first \$5,000 will not be available until the second business day after the day of your deposit.

Funds from all other check deposits will be available on the seventh business day after the day of your deposit.

The Bank reserves the right to decline any deposit on a new account during the first thirty days.

DEPOSITS AT AUTOMATED TELLER MACHINES (ATMS)

Funds from deposits made at a Blue Foundry Bank ATM will be subject to the same rules as outlined within.

DEPOSITS INTO OTHER TYPES OF ACCOUNTS

Checks deposited in any account other than a checking account will be subject to the same availability schedule as above.

We will tell you the results of our investigation within 10 business days after we hear from you and will correct any error promptly. If we need more time, however, we may take up to 45 days to investigate your complaint or question. AUTOMATIC TELLER MACHINE (ATM) SAFETY

1. Scope the area. Make a conscious effort to scope the area immediately adjacent to the ATM machine. Look for suspicious persons or situations. If something does not look right, so not make your transaction. Leave the area and use another machine or come back at another time.

2. Close the entry door of any Automated Teller Machine facility equipped with a door.

3. Limit your time at the machine. Prior to arriving at the ATM site, have your card out to avoid any delay of going through your purse or wallet to find it.

4. Cover your transaction with your body by blocking the keyboard from view. By doing this you will prevent someone from learning your personal Identification Number (PIN).

5. Do not publicly show your cash. Put your cash in your wallet or purse, check to see that you have your card and receipt and leave the ATM immediately. The most important thing to remember is not to leave with cash exposed. Carefully watch for anyone approaching you or starting to follow you.

6. Always keep your Personal Identification Number (PIN) a secret. Never give the number to anyone or write it down anywhere. Memorize it or use a secret code if you must write it down.

7. Notify us immediately if your ATM access card or secret PIN is lost or stolen.
